Handbook on Enterprise Architecture (International Handbooks on Information Systems)

Handbook on Enterprise Architecture (International Handbooks on Information Systems)

This handbook is about methods, tools and examples of how to architect an enterprise through considering all life cycle aspects of Enterprise Entities. It is based on ISO15704:2000, or the GERAM Framework. A wide audience is addressed, as the handbook covers methods and tools necessary to design or redesign enterprises, as well as those necessary to structure the implementation into manageable projects.
