Shinto: A Short History

Shinto: A Short History

Shinto - A Short History provides an introductory outline of the historical development of Shinto from the ancient period of Japanese history until the present day.

Shinto does not offer a readily identifiable set of teachings, rituals or beliefs; individual shrines and kami deities have led their own lives, not within the confines of a narrowly defined Shinto, but rather as participants in a religious field that included Buddhist, Taoist, Confucian and folk elements. Thus, this book approaches Shinto as a series of historical 'religious systems' rather than attempting to identify a timeless 'Shinto essence'.

This history focuses on three aspects of Shinto practice: the people involved in shrine worship, the institutional networks that ensured continuity, and teachings and rituals. By following the interplay between these aspects in different periods, a pattern of continuity and discontinuity is revealed that challenges received understandings of the history of Shinto.

This book does not presuppose prior knowledge of Japanese religion, and is easily accessible for those new to the subject.

From reader reviews:

Charles Duda:

Book is written, printed, or illustrated for everything. You can know everything you want by a guide. Book has a different type. As we know that book is important issue to bring us around the world. Beside that you can your reading proficiency was fluently. A e-book Shinto: A Short History will make you to possibly be smarter. You can feel more confidence if you can know about anything. But some of you think this open or reading a book make you bored. It is not make you fun. Why they can be thought like that? Have you searching for best book or acceptable book with you?

Donald Gullett:

Nowadays reading books become more than want or need but also work as a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge the particular information inside the book that improve your knowledge and information. The information you get based on what kind of guide you read, if you want get more knowledge just go with schooling books but if you want experience happy read one having theme for entertaining like comic or novel. Often the Shinto: A Short History is kind of reserve which is giving the reader erratic experience.

Alma Saunders:

The particular book Shinto: A Short History will bring you to the new experience of reading the book. The author style to describe the idea is very unique. If you try to find new book to study, this book very ideal to you. The book Shinto: A Short History is much recommended to you to see. You can also get the e-book from the official web site, so you can more readily to read the book.

Michael Collins:

Playing with family inside a park, coming to see the water world or hanging out with friends is thing that usually you might have done when you have spare time, then why you don't try factor that really opposite from that. Just one activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Shinto: A Short History, it is possible to enjoy both. It is excellent combination right, you still wish to miss it? What kind of hangout type is it? Oh seriously its mind hangout guys. What? Still don't understand it, oh come on its named reading friends.
