## **The Element Encyclopedia of Birthdays** Theresa Cheung

Did you know that the day and month of your birth can tell you about your personality ticks, your ideal partner, or your perfect career? The Element Encyclopedia of Birthdays combines astrology, psychology, numerology and tarot, giving you practical advice on how to make the best of yourself and shape your future. The Element Encyclopedia of Birthdays couldn't be simpler to use - just turn to the page of your birthday and discover the secret to exactly who you are, based on a unique combination of astrology, numerology, tarot, colour theory and psychology. This combination of approaches provides a uncannily accurate profile for each birthday of the year. But you don't just get an indepth personality profile, you get practical advice and guidance on what to do to maximise the opportunities that life throws your way: \* Find out what your greatest challenges are and how to solve them; \* Discover your best side (as well as your dark side) and how to make the best of both; \* Every birthday has its own unique Luckmaker - find out what yours is so that you can arm yourself with good luck every day! \* The book reveals your lucky numbers, lucky days, planets, tarot cards, and favourable days of the month; \* Find out who those special people are that you are drawn to, and the special years in your life that will be significant; \* Discover your career and life goals, how to manage love and relationships, and how to maximise your health. This compelling reference book gives you insight into your own profile, and you'll also be quickly turning the page to find out all about your friends, family, lovers and colleagues too!

### From reader reviews:

#### **Jacob Keys:**

Precisely why? Because this The Element Encyclopedia of Birthdays is an unordinary book that the inside of the publication waiting for you to snap that but latter it will shock you with the secret that inside. Reading this book close to it was fantastic author who have write the book in such incredible way makes the content inside easier to understand, entertaining way but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of gains than the other book have got such as help improving your ability and your critical thinking approach. So , still want to hesitate having that book? If I ended up you I will go to the e-book store hurriedly.

#### **Stanley Torres:**

This The Element Encyclopedia of Birthdays is great book for you because the content and that is full of information for you who always deal with world and also have to make decision every minute. This book reveal it information accurately using great plan word or we can state no rambling sentences in it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only provides straight forward sentences but difficult core information with beautiful delivering sentences. Having The Element Encyclopedia of Birthdays in your hand like obtaining the world in your arm, information in it is not ridiculous one particular. We can say that no reserve that offer you world inside ten or fifteen tiny right but this publication already do that. So , this is good reading book. Hey there Mr. and Mrs. busy do you still doubt that will?

#### **Alma Medina:**

Beside this kind of The Element Encyclopedia of Birthdays in your phone, it could give you a way to get more close to the new knowledge or data. The information and the knowledge you can got here is fresh in the oven so don't always be worry if you feel like an aged people live in narrow village. It is good thing to have The Element Encyclopedia of Birthdays because this book offers to you readable information. Do you occasionally have book but you would not get what it's about. Oh come on, that won't happen if you have this in the hand. The Enjoyable arrangement here cannot be questionable, such as treasuring beautiful island. Techniques you still want to miss the idea? Find this book along with read it from currently!

#### **Jeremy Windham:**

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach

Chinese's country. Therefore , this The Element Encyclopedia of Birthdays can make you sense more interested to read.
