## **Digital Photography: A Basic Manual** Henry Horenstein

This thorough, concise, and easy-to-use guide to capturing digital photographs provides an entire step-by-step course for budding digital photographers. All concepts are fully illustrated with sample work by internationally renowned professionals, representing editorial work, photojournalism, and everything in between. Topics covered include essential information for both film and digital photography, such as exposure controls and shutter speed, as well as digital-specific information on image editing, printing methods, and even file storage. The first digital textbook by legendary photography teacher Henry Horenstein, *Digital Photography* is the best guide yet for aspiring digital photographers, essential both for photographers transitioning from film to digital and those learning the art of photography for the first time.
