Riding the Trail of Tears (Native Storiers: A Series of American Narratives) Blake M. Hausman

This is Native American fiction in a whole new world. A surrealistic revisiting of the Cherokee Removal, *Riding the Trail of Tears* takes us to north Georgia in the near future, into a virtual-reality tourist compound where customers ride the Trail of Tears, and into the world of Tallulah Wilson, a Cherokee woman who works there. When several tourists lose consciousness inside the ride, employees and customers at the compound come to believe, naturally, that a terrorist attack is imminent.

Little does Tallulah know that Cherokee Little People have taken up residence in the virtual world and fully intend to change the ride's programming to suit their own point of view. Told by a narrator who knows all but can hardly be trusted, in a story reflecting generations of experience while recalling the events in a single day of Tallulah's life, this funny and poignant tale revises American history even as it offers a new way of thinking, both virtual and very real, about the past for both Native Americans and their Anglo counterparts.
