Alphas? Wolf shifter Virginia Battle has had her fill of them. She's grown up with an Alpha dad and four bossy, overprotective older brothers - so there's no way in hell she's going to give arrogant, sexy Carver Lawrence the time of day. Yet he keeps showing up everywhere she goes, scaring off all the guys who want to date her - and not making a single move on her. Then after one drunken night in a casino, she wakes up next to him in bed...with a wedding ring on her finger.

Now her pack is howling for his blood (literally), he's insisting that she's really his wife, and before she knows it she's whisked off to a sexy honeymoon at a mountain resort. Carver's known from the minute he laid eyes on Virginia that she was meant to be his - but can a strong-willed woman (with some pretty big secrets) and a demanding dominant Alpha ever find love?

Just when Virginia's starting to think that being married to a man who comes equipped with his own handcuffs might not be the worst thing in the world, she and Carver learn that there's something very wrong at Honeymoon Mountain. Does it have anything to do with the secret she's been keeping from her family? And with the townspeople hiding a deadly secret of their own, and someone - or something - very scary sniffing around at her cabin, will she survive long enough to find out?
