Project Paper Doll The Rules Stacey Kade

1. Never trust anyone.
2. Remember they are *always* searching.
3. Don't get involved.
4. Keep your head down.
5. Don't fall in love.

Five simple rules. Ariane Tucker has followed them since the night she escaped from the genetics lab where she was created, the result of combining human and extraterrestrial DNA. Ariane's survival-and that of her adoptive father-depends on her ability to blend in among the full-blooded humans, to hide in plain sight from those who seek to recover their lost (and expensive) "project."

But when a cruel prank at school goes awry, it puts Adriane in the path of Zane Bradshaw, the police chief's son and someone who sees too much. Someone who really sees *her*. After years of trying to be invisible, Ariane finds the attention frightening-and utterly intoxicating. Suddenly, nothing is simple anymore, especially not the rules.
