It is amazing that so many Christians call themselves Calvinists and yet so few actually understand the distinctives of Calvinist doctrine. A careful look at Calvinism in light of Scripture, before it is embraced, is the best possible way for Christians to protect themselves against this error of considerable consequence. In this book, George Bryson not only allows you to hear directly from some of the world's most famous Calvinists of the past, including John Calvin, but also from leading proponents of Calvinism today. What Calvinists admit may surprise you. Each of the much touted (but little understood) 5 points of Calvinism are carefully compared with the clear teaching of God's holy and infallible Word. *The Five Points of Calvinism-Weighed and Found Wanting* offers a serious scriptural challenge and correction to the extremes of Calvinism.
