Essential Travel Photography Tips: Better Memories with Improved Photographic Skills (Essential Photography Tips Book 2) Chris Jock

It doesn't matter where you're heading to.

For a travel photographer the process is the same even if the destination is the Moon. Yes, there are small changes, mostly logistics (you may need a passport and a visa or you may only need your national ID, you'll drive or you'll fly renting then a car in location, you may need a spacesuit or you can only take your casual clothes). But in any case you will need a camera, you will need a lens, you will need a memory card, you will need a bag. And you will need a ton of other things that we will discuss in depth in the book.

The scope of this book is to provide usable tips to any traveler wishing to improve his or her photographing skills. Are you willing to take **better pictures** while in vacation with your family? The book will drive you through the entire process, starting with **planning before the trip**, being in location, and all the way down to the return home. You will learn how to **stay out of trouble**, how to **feel good in your trip**, and how to return with better photos.

At the end of the book you will know how to **balance your family life with your photography passion**.
