**Marcus and Dylan** were born right into the middle of a three thousand year old war. Only problem, they didn't know it existed.

*My parents gave me up for adoption, and left me with nothing. Eighteen years later, I collected my inheritance: a set of ancient journals, the power to shoot fire from my hands, and the secret to who I really am--a Xarponian.*

*My name is Marcus Peterson, the kid who plays with fire...*

*It was cool when I found out I could shoot ice particles from my hands. Something like the Avengers --until the attacks started. Having random people try and kill me was not on my list of things to do. I don't even know why they want me dead, I am not like them. I'm not even marked. I don't know what I am. I'm Dylan Perry, the coolest kid in town...*

With the War of the Xarponians and Qihar taking place on Earth, Marcus and Dylan must learn to harness their new found abilities while balancing being sons, students, but most importantly, best friends.
