## **Memoirs of War, 1914-15** Marc Bloch

Great historians have seldom described the notable events in which they themselves participated. Marc Bloch - author of *Feudal Society*, the classic study of medieval social systems and co-founder of the influential French historical journal *Annales* - is an exception. In his powerful memoir *The Strange Defeat*, he analysed the fall of France in 1940 from the viewpoint of combatant as well as historian. And in his *Memoirs of War, 1914-15*, here in its first English translation (originally published in hard covers in 1980 by Cornell University Press), Bloch left a keen and affecting account of his earliest experience of war. Carole Fink's introduction includes a brief biography of Bloch, discusses the effect of the war upon his intellectual development, and assesses his achievements as a historian. Though Bloch survived the savage trench warfare of the First World War, he was shot by a Gestapo firing squad in 1944 for his participation in the Resistance. Trenchant, inspiring, and tersely written, *Memoirs of War, 1914-15* is a monument to a great scholar and fierce patriot.
