This fascinating new book addresses the most recent research and provocative findings on the use of pets in mental health therapy. The historical basis of using pets in therapy is reviewed, and numerous examples are provided of results incurred from prescribing pets to disabled, lonely, incarcerated, and institutionalized individuals. The author provides convincing evidence of the therapeutic value of animals in making us happier, healthier, and more sociable. Although the terms human-animal bond and pet-facilitated therapy are relative newcomers to the scientific literature, the concepts they encompass have been with us for centuries. BACKCOVER COPY Research has shown that animals can promote humor, laughter, play, and a sense of importance in people.
