The Wealth of Ideas: A History of Economic Thought Alessandro Roncaglia

The Wealth of Ideas, first published in 2005, traces the history of economic thought, from its prehistory (the Bible, Classical antiquity) to the present day. In this eloquently written, scientifically rigorous and well documented book, chapters on William Petty, Adam Smith, David Ricardo, Karl Marx, William Stanley Jevons, Carl Menger, Léon Walras, Alfred Marshall, John Maynard Keynes, Joseph Schumpeter and Piero Sraffa alternate with chapters on other important figures and on debates of the period. Economic thought is seen as developing between two opposite poles: a subjective one, based on the ideas of scarcity and utility, and an objective one based on the notions of physical costs and surplus. Professor Roncaglia focuses on the different views of the economy and society and on their evolution over time and critically evaluates the foundations of the scarcity-utility approach in comparison with the Classical/Keynesian approach.

From reader reviews:

Carol Benally:

Reading a e-book tends to be new life style with this era globalization. With reading you can get a lot of information that may give you benefit in your life. Together with book everyone in this world can easily share their idea. Guides can also inspire a lot of people. Many author can inspire their particular reader with their story as well as their experience. Not only the story that share in the books. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors these days always try to improve their skill in writing, they also doing some analysis before they write for their book. One of them is this The Wealth of Ideas: A History of Economic Thought.

Meredith Bailey:

Exactly why? Because this The Wealth of Ideas: A History of Economic Thought is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will shock you with the secret the item inside. Reading this book next to it was fantastic author who else write the book in such awesome way makes the content inside of easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you for not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of rewards than the other book have got such as help improving your proficiency and your critical thinking technique. So , still want to hold off having that book? If I were you I will go to the book store hurriedly.

Christine Knox:

As we know that book is significant thing to add our expertise for everything. By a e-book we can know everything we would like. A book is a set of written, printed, illustrated or blank sheet. Every year has been exactly added. This guide The Wealth of Ideas: A History of Economic Thought was filled about science. Spend your free time to add your knowledge about your research competence. Some people has different feel when they reading some sort of book. If you know how big benefit from a book, you can sense enjoy to read a publication. In the modern era like currently, many ways to get book that you wanted.

Doris Blair:

What is your hobby? Have you heard which question when you got scholars? We believe that that issue was given by teacher for their students. Many kinds of hobby, Everybody has different hobby. And you know that little person including reading or as reading become their hobby. You must know that reading is very important in addition to book as to be the point. Book is important thing to increase you knowledge, except your current teacher or lecturer. You see good news or update in relation to something by book. Many kinds of books that can you choose to adopt be your object. One of them is The Wealth of Ideas: A History of Economic Thought.
