Scorpio Sons Box Set: The First Three Books: Colton, Connor and Cooper Nhys Glover

Colton, Connor and Cooper are three very different men, who share the same genetically-engineered, cloned DNA. Colton grew up as moody street-kid vigilante in Canada. The brash and witty Connor was raised in Ireland, and turned to cage fighting to appease his inner demons. And gentle Cooper lived on an Australian sheep station, where a childhood accident left him permanently consigned to a wheelchair. Together with forty of the original one hundred clones gestated in a science lab, they have become the Scorpio Sons, an elite band of super-soldiers secretly battling to bring down an evil cabal set on destroying the world. In the first three exciting books of the series, follow the exploits of these Sons as they fight the Guild and discover the loves of their lives: the females bred to become their mates. Mates they never knew existed, until fate brought them together.

Each of these women has a unique and crucial part to play in the Sons' fight. Each woman must also confront the animal within them they never realised was there. Read their stories of adventure, bravery and predestined love in this three-book Box Set now.
