## **Igor** Weinstein Books

A fresh take on the classic monster genre, Igor is the story of a mad scientist's hunchbacked lab assistant who has big dreams of becoming a scientist in his own right and winning the coveted first-place award at the annual Evil Science Fair in the kingdom of Malaria. Through a twist of fate, Igor gets his chance, but instead of a sinister creation, he ends up producing Eva, a giant, lovable monster who aspires to be an actress. With only one week until the Evil Science Fair, Igor lies and tells Eva the event is actually an audition for a big musical that requires her to "act" Evil. In the end, Igor's friends Brain, a notso-bright brain in a jar, and Scamper, a morose, immortal "road kill" rabbit, help him learn an important lesson about being true to oneself. A handsome illustrated companion to the film, this high-quality picture book will become a family favorite for many years to come.
