Gay Marriage. That single phrase is enough to spark a passionate debate from either side. It's hard to form a view one way or another when there is so much heated opinion for or against it.

The ViewCaps Pros and Cons series takes a step back and looks at the issue objectively. It lays out only the facts and let's you decide what opinion to take.

ViewCaps is an imprint of BookCaps™ Study Guides. With each book, a issue is objectively analyzed. We publish a wide array of topics (from baseball and music to science and philosophy), so check our growing catalogue regularly to see our newest books.
