Access to Medical Knowledge: Libraries, Digitization, and the Public Good

Frances K. Groen

Access to Medical Knowledge: Libraries, Digitization, and the Public Good Frances K. Groen

Access to Medical Knowledge examines the fundamental values that have characterized the development of medical librarianship since its foundation. The major focus is the development of medical librarianship in the English speaking world, in particular North America, yet includes a number of major issues in international cooperation including the provision of medical information worldwide.
