## **Calculus: Early Transcendentals Single Variable, Vol. 2** James Stewart

Stewart's CALCULUS: EARLY TRANSCENDENTALS, Fifth Edition, Volume Two has the mathematical precision, accuracy, clarity of exposition and outstanding examples and problem sets that have characterized the first four editions. In this Fifth Edition, Stewart retains the focus on problem solving and the pedagogical system that has worked so well for students in a wide variety of colleges and universities throughout the world. He has made refinements to the exposition and examples to ensure that students have the best materials available. Further support for students and instructors is now available through a vast array of supplementary material. This new one-term version of the text provides more options for choosing a text to fit the course needs, along with the flexibility to select the resources that you want with the text.
