Project Development in the Solar Industry

Albie Fong, Jesse Tippett

Project Development in the Solar Industry Albie Fong, Jesse Tippett

This book provides an extensive overview of utility scale solar project development and the various tasks required to bring large solar power plants from plans to realities. The various topics have been organized and presented in a way to clearly define important development fundamentals including basic business and legal considerations. The reader is also guided through the more complex aspects of renewable energy development such as how to choose the ideal project site. Further, while the book is appropriate for a cover to cover read-through it is also designed to be an excellent go-to reference, a HANDBOOK FOR RENEWABLE ENERGY DEVELOPMENT.

Edited by: Albie Fong and Jesse Tippett
