Chimpanzees: The Smartest Primates on the Planet (includes 20+ magnificent photos!) (The Great Book of Animal Knowledge) (Volume 14) M Martin

Chimpanzees belong to the ape family. Some say that they are the closest to looking like humans. Chimpanzees have their own unique features and behaviors and that is what makes them an interesting and amazing animal to learn about. Some of the interesting things about the chimpanzee is their knack for grooming each other. If you have seen them in zoos you will find them cleaning each other's hair. It is said that grooming helps to build stronger relationships among chimpanzees. Did you know that chimpanzees are intelligent and know how to use different types of tools? Did you know that chimpanzee friends have a way of showing their love and affection? Do you know where chimpanzees sleep? Do you know what their favorite food is? Do they have predators? What is a bonobo? These questions and more will all be answered in this amazing book. Learn more about the chimpanzee, how they live in groups and how they raise their families. Learn the different facial expressions they make. Learn what a chimp community is like. This books also comes with more than 20 colorful pictures of chimpanzees in their home environment. These pictures will leave an impression in children's minds that will help them learn about the chimpanzee better.
