Modern Intellectual Readings of the Kharijites (American University Studies) Hussam S. Timani

In this book, Hussam S. Timani compiles and assesses the modern literature on the Kharijites, a seventh-century Islamic sect. He discusses the importance of the Kharijites in the Islamic heritage (*turath*) and provides profiles of the *turath* scholars who have either concerned themselves with the study of the Kharijites or have incorporated the Kharijites in their work on the *turath*. This groundbreaking book makes available to Western scholars a large body of Arabic-Islamic literature that is still unknown in the Western world and shows how modern scholars have offered different interpretations and analyses of the Kharijites' origins, religio-political beliefs, and their place in Islamic history. *Modern Intellectual Readings of the Kharijites* is essential for scholars and students of Islamic civilization and culture and is highly recommended for graduate courses in classical Islam.
