L. B. Curzon

Teaching in Further Education: An Outline of Principles and Practice L. B. Curzon

The 6th edition of this successful textbook, first published in 1997, includes up-dated material on many issues as well as new chapters on lecturing techniques, intelligence, the "nature versus nurture" debate, computer-assisted learning and study techniques. New material is provided on the following areas: advances in teaching theory relating to memory, the transfer of training, research relating to conditioning theory, discipline in colleges and adult learning.

All reading references have been thoroughly up-dated and the book has a new appendix, including new "topics for discussion."
