Diary of A Mad MIRACLEmom: How 21st Century Step-Moms Redefine Their Title, Role & Love of Their Blended Families

Are you married to (or seriously dating) a wonderful man with children who adore you only to find people still wondering if you are an “evil step-mom”? Do you find yourself consistently defending your integrity and character against endless false allegations, slanderous emails, and nonsense text messages? Is your patience being challenged with visitation exchanges, uninvited pop-ups, intrusive phone calls, and countless court appearances? Do your new children have a wretched Biological mom obsessed with finding ways to destroy your peaceful home?

With over 2,100 blended families forming in the U.S. each day and over 60 million children under the age of 13 currently living between two blended homes, you are not alone!

Men may be king of their castles but Women typically determine the structure of how that castle is run. For step mothers maintaining sanity in your head, love in your heart, and peace in your home can be difficult with these outside interruptions. With these growing numbers any woman who CHOOSES to provide, protect, and nurture children, she didn't birth, should be revered like Mother Teresa. Why then are stepmothers stereo-typically marginalized and treated as if their efforts are meaningless and intentions malicious?

Though millions of step-parents have historically made positive impacts on the lives of children, media tends to favor portraying the blended family experience in a negative light. Step mothers are often left wondering , how can loving a child ever be seen as negative?

Today, the 21st Century step-mom spends her time loving her husband and balancing career, family, home, friends, spirituality, watching her reality TV shows, and actively searching for solutions towards redefining her role to dispel the “evil” stepmom stigma.

Dr. Jeannette Lofas dedicated over 40 years of her life developing a healthier view of step families. Celebrities Betty White, Jada Pinkett Smith, Khloe Kardashian, LeAnn Rimes Cibrian, Alicia Keys, and Mary J. Blige publicly overcome blended family challenges and openly honor their new children. But it's the tireless miracle efforts of the everyday woman that the author highlights within the text.

Even political figures Nancy Reagan (wife of 40th U.S. President) and Jill Biden (wife of 47th U.S. Vice President) demonstrate the power of unconditional love when leading their blended families.

In this first book of the series, Ameerah Alisande` Massey exposes the dramatic stories of 7 real “step” mothers faced with uncomfortable custody challenges, slanderous emails, court drama, nonsense text messages, therapy sessions, unexpected pop-ups, visitation exchanges, hurting children, and vindictive

biological mothers. Each woman shares her detailed triumph and how embracing the title as a MIRACLE mother changed their perspective of themselves and the world around them. MIRACLE Tips follow each chapter and make this simple how-to guide a true road map for successfully navigating these unique MIRACLEmom challenges.

This 70ish page quick read is an uplifting how-to for modern step moms wishing to uncover their inner MIRACLEmom and turn any rotten lemons in their lives into tasty happy healthy lemonade.
