If two brothers love the same woman, is two times the romance worth double the trouble?

When Clarinda married the Earl of Norwick, she thought she was marrying the Fitzwilliam twin who courted her. Little does she know that it was David's identical twin brother Daniel, the spare heir, who captured her heart with pink roses and delectable kisses. So when the rakish David married her and made her his countess, an embittered Daniel left London to oversee the earl's estates in Sussex.

Four years later, David's sudden death forces a reunion of the star-crossed lovers and the appearance of Clarinda's randy mother-in-law. Clarinda thinks Daniel despises her for being a fortune hunter - and because she's pregnant with a possible heir to the earldom. Daniel knows Clarinda despises him, but he can't remember what caused their last tête-à-tête to end in a nasty argument. And David's ghost is paying nocturnal visits to Clarinda while annoying Daniel with instructions to pursue his widow and pleas to discover who – or what – caused his untimely death.

Who can be in mourning when twin brothers are causing so much trouble? Or is two times the romance worth a bit of sibling rivalry? Twins double the fun in "The Widowed Countess".
