Debating the Industrial Revolution (Debates in World History)

Peter N. Stearns

Debating the Industrial Revolution (Debates in World History) Peter N. Stearns

The industrial revolution was and is a huge development and one of the fundamental changes in human experience in the modern world. In *Debating the Industrial Revolution*, Peter N. Stearns, a leading expert in world history, presents the major contours of the ongoing debates over industrialization in history. He explores the central historical discussion over what caused such a momentous change, demonstrating how interpretations have developed over time and encouraging students to critically engage with historical practice.

Trying to understand why industrialization happened, and why it continues to happen, continues to organize considerable analytical energy. This book will be the ideal primer for students wanting to understand the key debates, and get a sense of how they might develop in the future.
