Results Fieldbook: Practical Strategies from Dramatically Improved Schools Mike Schmoker

What is the single, most important event of the school year that affects school improvement? How do you measure school improvement? How can simple tools--already at your fingertips--work more effectively to improve student achievement in reading, math, and more?

The Results Fieldbook answers these questions and describes in abundant, practical detail how five school systems overcame obstacles and achieved exceptional results for all their students. These schools focused on the proven core concepts that Mike Schmoker described in both editions of his first ASCD book, Results: The Key to Continuous School Improvement. Supplementing the five case studies, brief vignettes written by practitioners show how core practices--teamwork, the use of achievement data, and planning for measurable goals--made an immediate and profound difference in student learning at their respective schools.

A close look at these school systems reveals the simplicity of school improvement efforts built around the still-overlooked and most potent force in improvement--collective, organized teacher intelligence. This book contains easily adapted processes and refinements that result from such teacher collaboration and all but guarantee measurable improvement. Tables, figures, and appendixes illustrate effective data-collection processes; and at the conclusion, a three-part synthesis of the best of these systems provides practical steps toward implementing this radically more effective approach to school improvement, starting with preservice education.

Angela Dickens:

People live in this new time of lifestyle always attempt to and must have the extra time or they will get wide range of stress from both daily life and work. So , once we ask do people have spare time, we will say absolutely sure. People is human not only a robot. Then we request again, what kind of activity have you got when the spare time coming to anyone of course your answer may unlimited right. Then do you ever try this one, reading guides. It can be your alternative inside spending your spare time, the actual book you have read is actually Results Fieldbook: Practical Strategies from Dramatically Improved Schools.

Alberto Alvarez:

As a scholar exactly feel bored for you to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to the library. They go to there but nothing reading critically. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Results Fieldbook: Practical Strategies from Dramatically Improved Schools can make you experience more interested to read.
