Warfighting is an authentic American philosophy of action that will thrill the millions of fans of SunTzu's *The Art of War* and Musashi's *The Book of Five Rings*. This modern classic of strategy and philosophy is the quintessential guide to prevailing in competitive situations, be it war, work, play, or daily living.

Sometimes life is war and sometimes business is war and sometimes you need to call in the Marines. Over the past two hundred years, the Marines have developed a reputation for getting the job done-fearlessly, boldly, and taking no prisoners. What better role model for the hidden warriors in ourselves? What better advice to call on when the stakes are high and sensitivity just isn't going to work? Written in 1989 as a philosophical and strategic guide-book for the US Marine Corps, *Warfighting* is a worthy successor to SunTzu's *The Art Of War*. With clarity, brevity, and wisdom, it describes the basic forces at work in every competitive situation whether on the field of battle, in the boardroom, or in the courtroom. With twentieth-century technology and its emphasis on speed and versatility, the rules of war and competition have changed. *Warfighting's* exploration of maneuver warfare takes readers beyond Sun Tzu's classic lessons and provides them a more thorough understanding of what it takes to fight and win in the modern world. Currency's edition of *Warfighting* features interviews with famous former Marines including F. Lee Bailey, Ed McMahon, and Donald Regan. They tell how they have used the Marine Corps' battle strategies of strength and straightforwardness as their secret weapons in every confrontation, whether at a corporate, departmental, or personal level.
