This book is one of the most controversial books ever published. These are not my words. These are the words of the heavenly angels. Their words are thought-provoking and explicit. This is not a religious book but are spiritual messages directly from the heavenly angels of God without any changes or omissions. An angel appeared before me, touched me on the forehead, and spoke to me. I was told to write a book of their words. I transcribed the words exactly as received regardless of my own beliefs. Spiritual perception is always a step ahead of reason. Although this communication is considered to be outside scientific understanding, phenomenon received now will be tomorrow's scientific knowledge. The angels explain how to realize your desires. They tell how to gain wealth, stay young, and how to see your future. They discuss abortion, suicide, adultery and preparation for death. They tell why infants and children die and why accidents and illnesses occur. They tell what happens to animals after death. These words will deepen your perception and answer questions you dared not ask aloud. These angels' words will bring understanding never before felt. This book will shake your soul, unravel your beliefs, and tread on every man-made religion of the world. This book is the unaltered wisdom of the Holy angels of God. Of this there is no doubt.
