Constitutional Government: The American Experience

CURRY JAMES, BATTISTONI RICHARD M

Constitutional Government: The American Experience CURRY JAMES, BATTISTONI RICHARD M
Constitutional Government: The American Experience comes twenty-five years after publication of the first edition. Throughout these years, the eight editions of this text have chronicled significant developments in the United State's Constitution political system. The study of American constitutional government traditionally has been addressed in a number of different ways, ranging from detailed historical analysis to the highly legalistic casebook approach. While these approaches provide certain advantages in accounting for the development of constitutionalism in America, each by itself leaves something of the story untold. Now available in an eBook version, as well as traditional hard copy, Constitutional Government combines an emphasis upon history, politics, and law to examine the growth and development of the United States Constitution. Constitutional Government features: An accompanying web-based electronic component that will be helpful to teachers and students alike. A case index which lists all cases discussed in the text.
