General Antonio López de Santa Anna, several times president of Mexico, is the main character of this novel by best-selling Mexican author, Martín Moreno. It covers the historical period (1846-1848) in which Mexico saw its territory reduced to half due to the expansionistic pressure of the United States, the ambition and treasons of those who held power, and because by then it was already outlined in the future of the nation that it would be subject to traitors, thieves, and dishonesty by those in power.

Description in Spanish: El general Antonio López de Santa Anna, varias veces presidente de México, es el principal personaje de esta novela, que trata sobre el periodo histórico (1846-1848) en que México vio reducida a la mitad su extensión territorial por la presión expansionista de Estados Unidos, por la ambición y traiciones de quienes detentaban el poder, y porque para entonces ya se perfilaba en el horizonte con mayor nitidez que la historia de la nación no podía dejar de ser la de las grandes traiciones y el deshonor de unos cuantos con poder para que todos sufrieran las consecuencias.
