The Great Philosophers: Spinoza

Roger Scruton

The Great Philosophers: Spinoza Roger Scruton

Born to be misunderstood, Spinoza was a man whose theology was banned for Godlessness. The very virtuosity of his reasoning left logicians unsettled, while even to professional thinkers in our own time, Spinoza has seemed too clever by half.

And yet, as Roger Scruton shows in this strikingly readable introduction to the man and his thought, Spinoza's concerns were both simple and sublime. Few philosophers, indeed, have shown such a straightforward, sustained and honest interest in uncovering the most fundamental aspects of existence. Too important to be dismissed as a mere genius, Spinoza is rediscovered here in all his quiet and consoling simplicity.
