**Highway under the Hudson: A History of the Holland Tunnel** Robert W. Jackson

**Choice's Outstanding Academic Title list for 2013**

"There is no comparable book on this tunnel. Highly recommended."—*Choice Reviews*

Every year, more than thirty-three million vehicles traverse the Holland Tunnel, making their way to and from Jersey City and Lower Manhattan. From tourists to commuters, many cross the tunnel's 1.6-mile corridor on a daily basis, and yet few know much about this amazing feat of early 20th-century engineering. How was it built, by whom, and at what cost? These and many other questions are answered in *Highway Under the Hudson: A History of the Holland Tunnel*, Robert W. Jackson's fascinating story about this seminal structure in the history of urban transportation.

Jackson explains the economic forces which led to the need for the tunnel, and details the extraordinary political and social politicking that took place on both sides of the Hudson River to finally enable its construction. He also introduces us to important figures in the tunnel's history, such as New Jersey Governor Walter E. Edge, who, more than anyone else, made the dream of a tunnel a reality and George Washington Goethals (builder of the Panama Canal and namesake of the Goethals Bridge), the first chief engineer of the project.

Fully illustrated with more than 50 beautiful archival photographs and drawings, Jackson's story of the Holland Tunnel is one of great human drama, with heroes and villains, that illustrates how great things are accomplished, and at what price.

*Highway Under the Hudson* featured in the *New York Times*

#### **Maritza Berry:**

As a university student exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading through is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Highway under the Hudson: A History of the Holland Tunnel can make you experience more interested to read.
