This experienced Waldorf teacher allows us to enter his classroom and gain insights that serve as valuable guides for both parents and educators. Aeppli also presents a challenge to teachers: penetrate the subject, grasp its essence, transform it artistically, and present it to the children in a way that fits their evolving inner orientation. This fresh approach is not just another theory about good education. Aeppli writes out of practical experience with the intention of sending young adults into the world who can stand on their own two feet and accept responsibility for their own actions.
